APPRECIATION LETTER

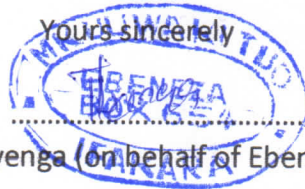

We appreciate and are genuinely grateful to you for being there to support us on paying Johari kasanda school fees and other needs for all three years on her diploma of nursing education. Thank you so much for being such an example to all of us and for inspiring and giving the light to kids for them to study happily and work even harder to make a difference for their future

Word alone cannot express what we are feeling inside our heart, but we really appreciate your care and support.

It's our prayers and wishes that God will bless you more so that you can continue helping those who are in needs. We are also praying to God to continue to give you such an amazing heart of helping children .

Thank

Yours sincerely

Tecla Lyenga (on behalf of Ebenezer orphanage center)
